**CLEARING HOUSE.**  
Clearings for week ending Sept. 9, \$710, 383.77. Corresponding week last year \$331, 468.20.

Miss Dora Swisher, the popular clerk of Innes & Ross, who has been spending her vacation at her home at Piedmont, Kansas, returned yesterday, and on Monday will return to her place of duty.

Our friend Cates, of Kingman, was in the city yesterday. He says there is no mistake about the great value and the genuineness of their salt flat. The vein is eleven feet thick and of the purest quality.

Mr. James Dun, chief engineer of the St. Louis & San Francisco railway, spent yesterday in the city looking over matters connected with his road. He and Mr. Colin R. Wise, Resident Engineer, went south to Winfield on last evening's Santa Fe train.

Mr. H. G. Toler, of Wichita, has been of great value to the association by the assistance rendered by him. He is a pleasant gentleman and besides being a good and reliable judge of horses, he knows all the rules governing the sport, and owns a large number of valuable horses, several of them being on the grounds—Arkansas City Republican.

The street force has finished grading on Carlos street, Biting avenue and Larimer avenue, between Tenth and Eleventh streets. The east end approach to the Second street bridge has also been completed. The west approach was completed by the company putting in the bridge. Grading on University street for two blocks west of Seneca street has also been completed by the street force.

The Missouri Pacific railway (Fort Scott route), commencing Wednesday, September 14, will sell tickets to Kansas City and return for \$8.20, on account of the National Agricultural Exposition to be held at that point from September 15th to November 1st. Tickets will be good for five days to return and sale continues at regular intervals until October 31st.

Samuel Mountain was yesterday granted a certificate of graduation from the Southwestern Business College. As a piece of art work with the pen this certificate is certainly a very fine specimen, is both artistic in execution and tasteful in design. Aside from its value to its possessor as evidence of graduation from this matchless institution of learning, the certificate possesses high merit as a work of art.

A communication was received yesterday headed "An Open Letter," but signed "A Parent." An open letter can only be such when the name of the writer is included for publication; otherwise it is something else. The writer complains that the attendants of the city schools are expected to study outside of school hours, or in other words, study at home. The objection is not well taken for a dozen reasons, and, besides, the idea of a parent complaining because it takes up his time is a little far fetched. Next to the child itself who ought to have more interest in its educational advancement than its own parents. Teachers get pay for so many hours' work each day, and they will hardly do extra work without extra pay unless it be for their own child.

H. J. Archer, of Phillipsburg, is in the city.

Mrs. W. Glenn has returned from her eastern trip.

C. A. Waller was among the late arrivals in the city last night.

Mrs. J. A. Ryder and Miss Jesse Oakes were in from Kingman yesterday.

George T. Fielding, wife and son, of Wabunee, arrived in the city yesterday.

Harvey D. Grace, an extensive stock raiser and shipper from near Cheney, was in the city yesterday on business.

H. S. Benepe, proprietor of the Palace Hotel, Litchfield, Ill., with his wife and daughter, arrived in the city last evening.

Theatricals promised at the Crawford for the coming week are "Skipped by the Light of the Moon" and the Broderick Opera Company.

The hotels were all crowded last night; not only were all the rooms taken but calls had to be called into use for the accommodation of the later guests.

The evening train on the Rock Island was about five hours late yesterday, not reaching the city until after midnight. The delay, as reported by one of the passengers, was caused by a break down just out of Topeka.

\$11.65 to Chicago, \$9.85 to St. Louis, \$21.45 to St. Paul and return via the short line, the popular Missouri Pacific. Try it and practically test its superiority. The only line running through free reclining chair cars and Pullman sleepers.

Mr. J. W. Morgan came down from Kansas City yesterday over the Santa Fe. He says that about 12 miles west of Lawrence a young man from Ohio whose name he did not learn, but who was coming to this section of Kansas to seek his fortune, fell from the car platform and had his leg so badly injured by the fall that amputation of the member became necessary.

In compliance with the provisions of the interstate law which requires that a ten days notice be given the public before the withdrawal of a reduced rate, the Missouri Pacific railway announces that they will continue the sale of tickets to Chicago at \$11.65; to St. Louis, \$9.85; to St. Paul and return at \$21.45, and all other points at correspondingly low rates until the 15th inst.

Mr. W. T. Jewitt yesterday brought to the Eagle office a bunch of alfalfa from his farm between the rivers, the roots of which were two feet long and the foliage fifteen inches. The seed was sown the twentieth of May and it was after the first of June before the plant began to make a show above ground. Mr. Jewitt says he had it mowed off some time ago to get rid of weeds; otherwise it would be considerable higher. The immense top root to alfalfa renders it less susceptible to damage by drought than any other grass which must render it the most desirable as a winter feed crop.

A stock train over the Rock Island from Caldwell passed through the city yesterday and attracted considerable attention. It consisted of thirty cars of stock, with an elegant sleeping car attached. In the sleeper was a brass band rendering some of their best selections while passing through the city. The whole train and merry crowd were bound for Chicago.

## NIGHT SCHOOL.

At the Southwestern Business College Corner Douglas and Topeka Aves.

A six months' term of evening sessions will begin at the Southwestern Business College on Monday evening, October 3rd. The following branches will be thoroughly taught: single and double entry book-keeping in all their forms, business writing, type-writing, arithmetic, reading, spelling and short-hand. Each student will be instructed privately at his own desk, thus avoiding all embarrassment. This will be a rare opportunity for young men and women who are desirous of extending their knowledge, and being otherwise engaged are unable to attend our day sessions. We can point to a large number of ladies and gentlemen who attended our night sessions last year and in less than six months gained such a knowledge of business that they were enabled to resign their laborious and penurious positions and accept easier and more remunerative ones. No young person with any ambition whatever, is willing to hold the same situation all his life with no chance for advancement. This night school will be the very medium through which he can elevate himself and prepare for something financially better.

Tuition—payable in advance—full term of six months, when all is paid on entering, \$25; per month in advance, \$8. Tuition will be the same regardless of the number of branches pursued. The school will be in session from 7:30 to 9:30, on Monday, Tuesday, Thursday and Friday evenings of each week.

For further information call on or address E. H. FAYEN, Prin. 56-1m

Attention!  
We again wish to call the attention of our readers to the fact that A. A. Post at 323 Douglas avenue, has purchased a large stock of watches and jewelry at 50 cents on the dollar from a bankrupt stock in Chicago. This stock consists of nothing but A. 1 first class goods, ladies' and gentlemen's fine gold watches, chains, charms, ladies lace pins, ear rings, etc., and a few very rare bargains in diamonds. Mr. Post says while he remains at his present place of business (which will be only a few days more) he is going to give such great bargains in all these goods that it will be a great advertisement for him after he moves into his new room 406 Douglas ave.

M. L. GARVER, Secretary. 4-99-2t

Ladies, Take Notice.

To the ladies of Wichita and surrounding towns: We wish to state that the North Market Street Millinery Store, No. 156 North Market street, have added to their millinery a first class dress making department. Mrs. Birdsell has full charge of the dress making, and she understands the art of dress making in every branch perfect. Any lady having her dress made at this store and does not get a perfect fit need not pay for making, and in regard to Mrs. Keller that runs the millinery department and attends to trimming hats. There is a good many ladies in Wichita will send us her work, be sure and know this business is all carried on by the North Market Street Millinery Store, and are responsible in both branches. Call and get prices, both for hats and making dresses. It will surprise you.

Mrs. Birdsell is from New York, where she received her teaching in the art of dress making. 99-1t

A Hash.  
There is such a rush at Post's since he began selling that bankrupt stock of watches and jewelry that they cannot wait on people as fast as they come in, so they have to take them in turns, and hundreds of bargains are going out every day. Mr. Post says at the rate goods are now going they will all be closed out in about two weeks. 99-1t

There seems to be a wide difference of opinion among the G. A. R. men and others as to the amount of credit the Rock Island road is entitled to for its action in naming a one cent mile rate in Kansas on account of the encampment in St. Louis this month. Several of them in discussing it "come to it" article, which appeared in the EAGLE recently, were of the opinion that it was a "ground hog case" with that road as on account of its unfavorable position, not reaching St. Louis or having a line of its own to Kansas City even, it is at a decided disadvantage in competing for this business and was compelled to offer some extra inducement in an endeavor to divert it from the direct lines. 99-1t

The greatest boom on earth is about to strike Pueblo, Colorado, the Pittsburgh of the west. It has railroads, immense steel works, manufactories, smelters, etc. City growing, and future prospects unexcelled. Enclose two cent stamp and address Daily Chieftain, Pueblo, Colorado, for sample papers containing information. 4-99-1t

A married gentleman of 35, non-resident, at present holding a good position, is desirous of making his home at Wichita; is an A. 1 decorator and trimmer of dry goods, fancy and millinery, an excellent marker and advertiser. Has best reference: wants position with a good house. Address Decorator, Eagle office. 4-99-2t

MUSICAL.  
During the past two weeks I have been having a big piano and organ trade on account of low prices for first class goods. I have a car load of organs and one of pianos to arrive in a few days. Buying this way for cash direct from factories I can and do retail them for what the ordinary dealer pays for his quality considered. My trade is double what it was last year, and this I have bought my full goods so I can still lower the prices. I am in Wichita 10 days and have goods enough to supply all south-west Kansas, and will do it if you will give me a chance. We do no peddling, which saves a great cost to the buyer. I want everybody to come and see me whether you buy or not. I shall not get mad if you don't buy, because I shall sell you when you are ready. I have an immense stock of violins, accordions, guitars, banjos and everything else in the music line. Inquire for Shaw's the music man at 129 North Main. 95-1t
